EXPERIENCE

MSP NETWORKS, Farmingdale, NY
— *OnSite Technician* January 2019 - August 2019
— *Intern* June 2017 - September 2017 / June 2018 - September 2018

MSP Networks is an I.T. company for schools. Worked in mounting firewalls setting up Macbooks, projectors, cameras, and Chromebooks.

Valenzuela's Travel Agency, Freeport, NY
— *Office Manager* September 2017 - January 2018

Worked in family travel agency. Arranging clients, documentation, helping plan travel itineraries, translating documents (Spanish to English)

EDUCATION

New York Institute Of Technology, Old Westbury
— Sophomore, working towards Computer Science Degree / 2022.

Farmingdale State College, Farmingdale- Second Semester Freshman Year / First Semester Sophomore Year

January 2019 - August 2019

Holy Trinity Diocesan High School, Hicksville — 2018

PROJECTS

Smart Mirror — *Technology Fair Project*

I developed a smart mirror by using my tablet, raspberry pi, & double-sided mirror.

Public Speaking App — *Computer Science Project*

I decided to create an android app for my Public Speaking teacher using M.I.T. app development. It included a grading system and rubric with a comment section.

Arcade Machine — *Association of Computing Machinery Club*

I created an arcade machine from scratch. Raspberry Pi, Monitor, Drill, Circular Saw Blades, & Plywood were the tools I used to construct the arcade machine.
